

Original Magicard dye film

The simple answer to optimal printing

At Magicard, we like to keep things simple, that's why our dye film is common across our full range of direct-to-card printers – which means that you only have to keep one type of film in stock and that you pay the same price for our dye film whether it is for our entry level printer or our professional printer.

Original Magicard dye film is especially designed for Magicard printers to ensure crisp, high quality images and text. Tested and approved by Magicard R&D, genuine Magicard dye film offers the best performance and an extended lifespan for your printer.

- Common across the full range of direct-to-card printers
- Top quality, edge-to-edge printing
- Simple drop-in loading
- Auto-detection and set up
